Step Into The Nightmarish Upside Down Once More

Netflix's critically acclaimed series and pop culture phenomenon, *Stranger Things* is brought to life once again at Universal Studios Singapore Halloween Horror Nights as a brand-new haunted house teeming with monsters from the Upside Down and fan-favourite characters. As Netflix's mega-hit

returns for its epic final season on 26 November, guests can relive the show's most intense moments from their favorite seasons in a faithful recreation of the supernatural environment. From the shadowy halls of Hawkins National Laboratory to the eerie glow of Starcourt Mall and Vecna's blood-red mind lair, every corner is crawling with abominations from the Upside Down – beware the Mind Flayer and the bloodthirsty Demodogs. Fans will be thrust into the ultimate battle between good and evil as the small town of Hawkins veers towards the brink of collapse. More Haunted Houses, Scare Zones, Live Shows, And An Immersive Bar Experience Deliver Non-Stop Frights At Every Turn

Introduced last year, **Singapore's Most Haunted** makes a spooky return in **Singapore's Most Haunted: Build to Horror** haunted house, where unsuspecting residents are living on burial ground for unclaimed bodies. The Demonic Sinseh is possessing the innocent through his dark ritual, turning the neighbourhood into a living hell. Guests must beware the familiar trappings of the neighbourhood – the ritual opens the door between the world of the living and the dead.

When the 13th hour strikes, spirits, demons, and forgotten creatures from ancient Japanese folklore emerge from the shadows, clawing their way into the mortal plane. Heralded by thirteen thunderous chimes, the arrival of every new wave of spirits is marked by a ghostly parade – forming **The Realm of Yokai**. In this scare zone inspired by the *Hyakki Yagyō* (Night Parade of 100 Demons), guests will have to escape the grasp of vengeful demons.

For some deadly fun and games, the brave can step right up to **The FEARground** scare zone. This diabolically twisted fair was once a place of amusement and delight, but the grounds are now overgrown with gleeful fright! Guests will face chaotic carnies like Madame Marionette and the cruelly contorted Bonebreaker and survive deadly attractions. The fun isn't over yet – The FEARground's ringleader, The Death Devil, is looking for contestants – willing or otherwise – for his twisted game

show, **Dare or Die Live!** Equal parts horror gameshow and deranged feats of fear, this chaotic spectacle won't let guests tear their eyes away.

There is more live entertainment to scream for with another brand-new show, **Once Upon a Time...to Die.** The mutilated master of time, Mr Rabid, is fast approaching his end. Desperate to prolong his life, he hatches a plan to steal life-altering items from innocent fairytale legends. In Mr Rabid's Wonderhell, happily ever after comes at a steep price.

Fans should stay tuned for the reveal of more haunted houses, coming soon.
